

MRS. BENBOW WILL HEAD COMMUNITY CHEST CAMPAIGN

Mrs. Stella Benbow, Irvington, was named Wednesday evening by the officers of the Washington Township Community Chest to head the 1949 Red Feather fund-raising campaign which will open here on October 3.

Mrs. Benbow, prominently known throughout the township, was selected because of her ability as an organization leader. She has taken an active role in the American Legion Auxiliary and the Washington Union High School P.T.A. and is a past president of both organizations. She is soon to be installed as second vice-president of the Legion Auxiliary of the Tenth District.

WILL NAME AIDES

The new campaign manager today began the task of selecting chairmen in each of the communities of the township. These community chairmen will select a staff of volunteer solicitors to work with them in soliciting funds.

All organizations that shared in the campaign last year have again been approved to receive portions of the receipts of this year's campaign. They are: U.S.O., Boy Scouts, Girl Scouts, Travelers' Aid and Salvation Army.

The directors also voted at Wednesday's meeting to include all local organizations that might merit support from the Community Chest funds, naming specifically the local youth centers.

CONFIDENT OF SUCCESS

A tentative quota of \$6,000 was set up at the meeting as the goal for this year's drive. The board of directors will meet again on September 7, the final meeting at which organizations may submit budget requests for financial assistance from the Community Chest.

Upon taking the responsibility for the success of the campaign this week, Mrs. Benbow stated, "I know we can depend upon the residents of Washington Township to accord us the same splendid support this year that they have in past years in contributing to the financial assistance of so many worthwhile organizations."

BOGUS CHECK ARTIST PAYS VISIT TO NILES

Two Niles groceries, the Niles Supermarket and the New City Market, discovered this week that they were the victims of a bad check artist that worked this area late last month.

Both checks, in the amount of \$25, were passed by the same man and, according to the sheriff's office in Hayward, were forged.

PIPELINE REACHES NILES THIS WEEK

The pipeline which will bring Hetch-Hetchy water through this area to Hayward reached Niles this week, where the crews could be seen laying the pipe alongside the Oakland highway just south of the Niles-Canyon Heights crossing.

'ECONOMIZING' PROVES COSTLY

Manuel P. Rodrigues, Sunol, has until 1:30 p.m. today to raise \$125 to pay for what he terms "economizing."

Rodrigues, who purchased the Bennett Ranch at Sunol and moved there just three weeks ago from Oakland, entered a plea of guilty to a charge of illegal possession of a deer when he appeared before Judge Allen G. Norris in Justice Court in Niles last Friday.

The defendant told the court that he and his son found the dead deer after noticing buzzards circling near their home. He said that they dragged the carcass down the hill to the house "When the meat commenced to smell we skinned it, cut it up and put it in the icebox. We hated to see the meat wasted," Rodrigues told the court. He said the animal was beginning to bloat when he cut it open.

Fred Rogers, Centerville, Alameda County game warden, told the court that when he arrived at the Rodrigues home he found the icebox full of venison steaks and the head and hide of the animal buried in the yard. He stated that the blood marks on the ground indicated that the animal had been dead only a short time before the steaks were put away.

Judge Norris, apparently unmoved by the story of conservation, fined the defendant \$125 and allowed him one week to raise that amount or be taken into custody to serve 25 days in the county jail.

TABLE ACTION ON BUILDING LOCATION

Further action toward the location of an appropriate site for the proposed county building in Washington Township was tabled by the Centerville Chamber of Commerce Tuesday pending correspondence with the Board of Supervisors as to how much land will be needed.

President Dallas Paul had appointed Allan Walton, Charles Wauhab, Judge Allen G. Norris, Louis Cardozo and Manuel Lewis to a committee to seek possible sites in the Centerville area.

In making his report to the group, Walton stated that the committee felt that "...The proposed building to house branch offices should be centrally located in Centerville."

He revealed that the committee had located a plot of ground consisting of about three-fourths of an acre located on the highway in the center of the business district. "The owner has agreed to sell the land to be used for that purpose but we are not sure that the space is adequate for what the county officers have in mind."

Cardozo told the group that he had contacted several land owners in regard to the sale of a parcel of their land as a site for the building and has been told that a site is not available at any price. Lewis stated that several lots have been offered for sale along Fremont Avenue.

400 ACRE FIRE AT WARM SPRINGS

A blaze which raged out of control for nearly four hours Sunday laid waste 400 acres of pasture land on the William Kurner ranch south of Warm Springs.

The fire is believed to have started from a cigarette thrown from an airplane or by the carelessness of deer hunters in the area.

Warm Springs, Milpitas and Livermore fire departments, Fairview County Patrol and Alma forestry crews responded to the alarm and helped extinguish the blaze.

The fire was brought under control at one time but flared up again when fire apparatus on the scene ran out of water and had to refill tanks. Fire fighting equipment was under the direction of John Souza, Warm Springs fire chief.

A BABY GIRL

A baby girl, Ann, is the new arrival in Mr. and Mrs. Salvador O. Lemus' home in Decoto. Ann was born August 2 at San Jose.

IRVINGTON FIRE FIGHTERS REPORT INADEQUATE WATER

The members of the Irvington Fire Department expressed grave concern this week over the lack of a sufficient flow of water in the mains of that community to assure adequate fire protection.

Assistant Fire Chief Al Peixoto, checking the static pressure at a hydrant in the business district yesterday, reported that the pressure was down to 45 pounds, as compared with 68 pounds before the community was connected with the Hetch-Hetchy pipeline. Peixoto went on to say that there were many days during the past two weeks that he was certain that the pressure was below 20 pounds.

SEEKS SURVEY

Fire Chief Joe F. Corey stated Wednesday that he is calling for the staff experts of the Fire Underwriters to come to Irvington to conduct a survey on the inadequacy of a sufficient enough supply of water to maintain proper fire protection.

Housewives of the community have complained during the past week that during the daylight hours the flow of water into the homes is so slight that they are unable to operate their washing machines. One woman reported that it was necessary for her to fill tubs and buckets with water during the night to have sufficient water for use during the day.

According to residents, the pressure is sufficient during the evening and night but drops off early in the morning and remains almost nil during the entire day.

SAYS FLOW IS NORMAL

E. A. Richmond, trouble-shooter for the Alameda Water District, assured The Register Wednesday that he had checked the pressure and flow of water in Irvington the previous day and found it "normal."

He stated that since the Irvington system was connected with the Hetch-Hetchy line around the first of the month, the water now comes from the Mission San Jose reservoir and that the pressure valve is slow in operating and keeping the lines filled to capacity.

NATIVE SONS HOLD INSTALLATION

Washington Parlor No. 169, Native Sons of the Golden West, installed Wilbur Williams, Centerville, and 10 other officers to direct the organization for the next term, last week at Centerville.

Frank McDonald, district deputy grand president, Eden Parlor, Hayward, conducted the ceremonies.

Williams is the new president; other officers installed were: Ted Logan, first vice-president; Louis Havey, second vice-president; Ernest Machado, third vice-president; Anthony Avilla, outside sentinel; Stanley Rogers, inside sentinel; Thomas Silva, marshal; Matt Mathieson, financial secretary; Allen G. Norris, recording secretary; Vernon Rose, treasurer; and Carl Fragas, outgoing president.

Flags are being made to enter the Admission Day celebration in San Jose, September 9. The parlor will enter a marching unit in the parade. They also hope to enter the bowling and golf tournaments.

A barbecue is planned for members of the softball team this Saturday at the home of M. J. O'Brien.

IRVINGTON SCOUTS ON CAMPING TRIP

The Irvington Boy Scout troop is camping this week on the middle fork of the Feather River near Quincy. The 14 boys are to spend another week there under the direction of Scoutmaster Gus Robertson.

They will return to Irvington one week from today.

INJURED IN CRASH

Mrs. Theresa R. Reeves of Berkeley suffered internal injuries early Saturday morning when the car driven by her husband skidded out of control two miles south of Irvington on Highway 17. She was taken to Fairmont Hospital in the Dallas Pul ambulance.

HEIGHTS ROADWAY WILL BE ALTERED

The Alameda County Board of Supervisors this week announced their intention to buy two pieces of property adjoining the Western Pacific Railroad crossing at the approach to Canyon Heights in Niles.

The property is now owned by Mrs. Cora Hill and Mr. and Mrs. Arthur A. Duarte.

The county will begin eliminating the present sharp curve at the lower grade crossing sometime this winter. The existing buildings, including Mrs. Hill's home, will be removed, so that the approach from Clarke bridge to the crossing may be straightened.

The approach will be temporary, according to County Surveyor Wallace B. Boggs. Eventually the county plans to construct an underpass to be located south of the present grade crossing.

COUNTY BUILDING SITE SUGGESTED BY NILES CHAMBER

The Niles Chamber of Commerce has forwarded to the Alameda County Board of Supervisors its recommendation that the proposed building to house branch county offices in this township be located at the southwest corner of Fremont and Santos Avenues, midway between Niles and Centerville.

At the luncheon meeting of the Chamber held Tuesday at the International Kitchen it was announced that two and one-half acres of land at the intersection of the two major township roads have been offered for sale to the county.

Secretary Vernon Ellsworth was instructed to forward the Chamber's recommendation to the members of the board of supervisors.

In selecting the site, members of the Chamber pointed out that it is centrally located in the township; gives easy access to all of the highways connecting the eight communities of the township; would afford sufficient grounds for parking facilities, and would remove the building from a congested area of major highway traffic.

The Chamber voted unanimous endorsement of the appointment of Justice of the Peace Allen G. Norris of Centerville to judgeship in the Superior Court to fill an impending vacancy.

President John Brahmst appointed Dr. T. C. Wilson, A. M. Alves and Vernon Ellsworth to serve as a committee to arrange the annual barbecue for the Niles volunteer firemen and fire district commissioners. Date for the event has not been set.

HOSTESS CLASS FOR TOWNSHIP WOMEN

"Entertaining in the Home" will be the subject of a night school course to be given at Washington High, under the sponsorship of the P.T.A., starting October 10.

"Plans for the course were discussed at a preliminary meeting at the high school this week with a representative group of women from various P.T.A. groups, under the leadership of Mrs. Gladys Cronkrite Giles of Irvington, who will be instructor for the course.

Mrs. Giles, an experienced home economics woman in radio and the newspaper field, will emphasize the use of available materials in the community and the use of local foods in entertaining. Private conferantes will also be scheduled.

Some of the subjects she will cover in the ten weeks' course will include the preparation of appetizers, buffet suppers, patio meals, brunches, and other forms of entertaining that are popular in this area. She will endeavor to localize the subject of entertaining so that it will be especially applicable to hostesses of Washington Township.

The first class will start on October 10 at 7:30 in the evening in the faculty dining room at the high school. The meetings are open to the public free of charge.

VILELA'S CLUB WINS SOFTBALL TOURNEY CROWN

In an air-tight, three-up-three-down brand of softball last Friday night the Vilela Club of Irvington downed the Centerville Central Chevroleets 4-0 to win the President's trophy in the post-season tournament.

The game, which began to look as though it might last throughout the night, went a full 13 innings before Manager Frank Mayer's team blew off the lid that netted them 4 runs and the crown.

Larry Rogers, Vilela's mound ace, was in top form Friday night, striking out 15 of the Central batters, and allowing but one man to pass second base.

The fielding of the Central Club was superb with the "kids" executing the near impossible plays that has won them the support of the fans and the nick-name of the "kids." Johnny Rodrigues, hurler for the Chevrolet club, though unable to garner as many strikeouts as his opponent, kept the "fat" ones away from the heavy hitters of Vilela's and had them popping into the air.

Friday night's game draws to a close the 1949 season of the Washington Township Softball Association.

GAMBLING RAID NETS 13 ARRESTS

A surprise raid by 20 sheriff's deputies on two Alvarado pool halls last Friday night resulted in the arrest of 13 men, who have been booked on charges of gambling.

The men, all allegedly gambling at a form of a domino game, were nabbed by the raiders in the New Manila and Lunita pool halls. They were taken to Hayward and booked on bonds of \$500 each.

The defendants, who will appear before Judge Allen G. Norris in Centerville Justice Court today for arraignment, are: Felix Djangson, Leo Yip, Jung Wong, Woo Yin Don, Jow Wong, Ng Wing Him, Dalmacio Carrillo, Marty Yip, Benny Fong, Eugene Potencien, Ernest Sun, Timmy Yip and Frank Macabillas.

The formal charge filed against them states that they did, "Deal, play and openly conduct a banking and percentage game played with dominoes for money, check, credit and other representatives of value."

Penalty upon conviction carries a fine of from \$100 to \$500.

COMMITTEE HEADS NAMED BY LIONS

Ralph Goodwin, newly elected president of the Centerville Lions Club, has named committee chairmen to head the organization's projects during the coming year.

Heading the activities will be: Robert L. Moore, boys and girls work; LeRoy Brown, citizenship and patriotism; Eugene Manning, civic improvement; J. V. Goold, education; Dr. E. M. Grimmer Jr., health and welfare; Jack MacGregor, safety; Irving Hird, sight conservation and blind.

Norris, constitution and by-laws; Dwight Thornburg, convention; Loren Marriott, finance; Harry Weber, Lions education; A. E. Alameda, membership; Irving Hird, program and entertainment; Joe Shepherd, publicity; and Arthur Belshaw, greetings.

\$300 IN TOOLS TAKEN FROM STALLED TRUCK

Tools valued at about \$300 were stolen from the tool box of a stalled truck on the Niles Canyon Road sometime during the night Tuesday, according to a report filed with officers by Lail Johnson, 24, San Lorenzo.

Johnson said that he broke an axle on his truck and parked the vehicle on the shoulder of the highway overnight near Joyland Park. When he returned the following day the tools and the lock on the box were missing.

Archbishop J. J. Mitty Here Monday for Dedication of New Novitiate at Mission

The new Novitiate of the Sisters of the Holy Family in Mission San Jose will be dedicated by Archbishop John J. Mitty at ceremonies to be held Monday afternoon.

The Sisters, who recently purchased the beautiful and spacious Starr and Best homes in what was formerly known as Palmdale, will hold open house for their friends from 1:30 until 4:30 p.m.

The Novitiate had formerly been in conjunction with the Motherhouse at 890 Hayes Street, San Francisco, and its transfer to Mission San Jose will be effected Monday.

The new site was formerly part of the Old Mission gardens, originally planted by the Padres, and the outdoor altar from which Archbishop Mitty will give the benediction will be erected under what is believed to be the only remaining original cypress, estimated to be 300 years old.

FOUNDED IN 1870's

Following the dedication ceremonies the Blessed Sacrament will be brought from St. Joseph's Church, Mission San Jose, by the pastor, the Rev. John Leal, and will be placed in the Sanctuary of the chapel.

The Novitiate will be housed in the Best home and it is there that the lovely Gold Room has been converted into a chapel. The beauty of the gold walls and ceiling have been retained to add to the richness of the tiny chapel.

The home formerly owned by the Starr family will become the House of the Professed, where will reside the Sisters who will teach the Novitiates. Approximately 20 Sisters will be in residence at the two houses.

The Sisters of the Holy Family, a teaching order founded in San Francisco in the 1870's, are no strangers to residents of this east bay area for they have been instructing catechism classes for Catholic children who attend public schools in the parishes of this vicinity for more than 30 years. During the past year the Sisters of the Order, who reside in the 20 convents in California, Nevada and Hawaii, have cared for 50,000 children.

PLEASED WITH GARDEN

The order was founded by the late Mother Dolores, adopted daughter of the late Judge Tobin, prominent San Francisco jurist. Mother Dolores, who died in 1905, first began her work as a Sister when she was but 18 years of age, and the Order was officially founded three years later. She became known as the Mother of the Poor by all of San Francisco.

R. M. Tobin, head of the Hibernia Banks of San Francisco and son of the late Judge Tobin, is expected to be present at the dedication ceremonies Monday as an honored guest.

The Sisters are particularly pleased with the Sacred Garden which the former owners left for them. With the beautiful flowers, shrubs and trees providing a setting for prayer and meditation the shrines of The Sacred Heart, Blessed Virgin, St. Joseph, St. Anthony and St. Jude are stationed around the "prayer walks."

SERIOUS FIRE IS AVERTED AT NILES

Niles firemen were summoned to the New City Market in Niles about 10 p.m. Tuesday when a refrigeration motor overheated and filled the grocery store with smoke. Passersby noted the smoke seeping out from under the front door and called in the alarm. The firemen forced their way into the locked store and extinguished the smoldering motor before it had sufficient time to burst into flame.

GRADUATES FROM TACTICAL SCHOOL

Lieutenant James H. Stanhope, U.S.A.F., Niles, on August 19 was graduated from the Air Tactical School at Tyndall Air Force Base at Panama City, Florida. Lt. Stanhope was among 100 California officers to complete the 16 weeks' training course given under the direction of Brig. Gen. J. K. Lacey, commandant.

VOTE REGISTRATION DEADLINE SEPT. 15

With but little more than two weeks remaining in which to register to be eligible to vote in the November election, new residents of Washington Township were wondering this week when the registration books would be made available in this vicinity.

A check of the usual registration headquarters in each of the communities revealed that the books have not been received.

The California State League of Voters has pointed out that California law, for voters, requires residence in the state one year, in the county ninety days, and in a precinct forty days.

Changes of residence of registered voters within forty days of election day require a citizen to return to his most recent former precinct in order to vote, providing residence at that time was within the same county.

The deadline for registration by all citizens who wish to be eligible to vote in the November election is September 15.

LIONS ENDORSE JUDGE NORRIS

The Centerville Lions Club held a resolution this week endorsing Centerville Justice of the Peace Allen G. Norris as the township's candidate to fill an expected vacancy on the Superior Court bench.

It is expected that Judge F. Victor Wagler, presently serving as a superior judge in the Oakland courts, will be appointed as a U. S. District Federal Judge. If and when that happens, township organizations are asking that Judge Norris be appointed to fill the Oakland vacancy.

BEET GROWERS WILL MEET HERE TUESDAY

A meeting of members of the California Beet Growers Association, District 1, has been called for Tuesday at 8 p.m., at Washington Union High School by President Melvin Nielsen of Pleasanton.

Nielsen has announced that the group is being called together to discuss the crop outlook for the coming season and wage scales for the harvesters. The local harvest is expected to get underway about the first of September.

By ELAINE HOWE

Most of us are intrigued by a courtroom trial—witness the interest in Tokyo Rose and the Hiss-Chambers trial of the moment. In "Double Muscadine" Frances Gaither portrays a crowded courtroom in Mississippi of pre-Civil War days. A popular planter brought home a new bride, followed very soon by a pert quadroon girl. Almost at once the family is poisoned and one child dies. The trial from opening day to the verdict is not so much concerned with the guilt or innocence of the girl, but turns the spotlight on different members of the cast—the planter's bewildered young wife, the fledgling lawyer whose first case hangs in the balance, and the social structure of a day when slavery is just beginning to be recognized as an evil. The suspense is sustained throughout and the outcome seems logical.

One of the dates dinned into every school child's head is 1066—the Battle of Hastings. The momentous years leading up to the invasion by William of Normandy is vividly brought to speaking life in "The Golden Warrior" by Hope Muntz. Harold, the English king, was lovable and well intentioned, though therein lay his weakness of compromise. William went his way without scruple and in the fateful battle altered the course of history. The whole carefully documented story recreates a stirring if long dead page in England's history. It is more than a cut above the usual cloak-and-dagger romance.

A can of California peaches—royal jumbo—took a strange journey in and out of present day Moscow in "The Busy, Busy People" by Samuel Spewack. An American correspondent about to be transferred gave the can, "borrowed" from the embassy storeroom, to his grieving girl as a farewell gift. She, more afraid of exile to Siberia for fraternizing than hungry, passed it along as a bribe to insure her own safety. And so the peaches travel merrily on, changing owners with sleight of hand regularity. It is an amusing, quick-moving satire on life in the diplomatic corps, and on many stratas of Soviet society.

IS MY FACE RED?

No, it is not red paint on the face of your reporter, but just a case of sunburn. Saturday morning I decided to take my two children, Mr. and Mrs. John Tedeschi of Hayward and Mr. and Mrs. J. V. Buonassissi of Lafayette to Santa Cruz where the sun didn't seem to be too strong to give any burn, but it did. Then, to top that, my husband, Remo Caminada and I were among the fortunate to witness the beautiful double-header game between Hollywood and Oakland on Sunday afternoon. Yes, that's right, more sunburn! Does anyone now care if I give the Oaks three cheers?

By LOIS BOTTENBERG

FORMER RESIDENT

A. F. Peterson who, along with his wife, the former Edna Darrow, used to live here in the Mission on what is now the Alamo Winery property, was in town the other day and tells us that his mother-in-law, Mrs. Siems of Minneapolis, Minnesota, who was injured some time ago when she was struck by a car, is getting along fine. Mrs. Peterson, who was with her mother for many weeks following the accident, is home, and brother Art Siems has gone home to Minneapolis to make his home with his parents and help to take care of the home place.

VISITING GRANDMOTHER

Stanley Garcia, son of Rosalyn Garcia, is spending a week with his grandmother, Mrs. Mary Garcia in Irvington.

CHASES LION IN CAR

Last Thursday evening as Margaret Chadbourne was driving home from work up the Mill Creek Road, she spotted the lion which

had been killing so many of the Overacker sheep. She attracted the attention of Howard and Theo Overacker who, with the dogs, treed the animal and shot it. It was a young yearling cub so evidently there is a mother and others around.

ON VACATION HERE

Mrs. Emma Vagades and Mrs. Helen Porter of San Francisco are vacationing here at the Gallegos Rancho for a while. Mrs. Vagades is a regular summer visitor.

HERE ON VISIT

Mrs. Jane Weil and children, Stephen and Susan, of San Francisco, are vacationing here at the old Sam Metzger residence on Olive Lane for a few weeks.

NEW DAUGHTER

These poor men who pace the streets or corridors of hospitals surely wear out good shoe soles. That is what Delmar Stotts did while waiting for Mr. Stork to arrive with his new baby daughter. Linda Marie was born at the O'Connor Hospital on August 18 and weighed 8 pounds and 9 ounces, at birth, and will be home in a few days to meet friends with her mommie.

NEW ARRIVAL

There is a happy smile on Brenda Tate's young face this

week for she mailed a lot of little envelopes at the post office the other day and some one asked her if she was going to have a party. "No," she replied, "I have something better at my house than a party." Upon inquiry it was learned that she now has a darling little baby sister. "Just like a big doll" which the family has named Gail Suzanne. She was born on August 17 and weighed 7 pounds and 5 1/2 ounces.

TO SANTA CRUZ

Mrs. Havannah McNemar celebrated her birthday on August 18 with a trip to Santa Cruz with the Weil family. Ed McNemar Sr. and Jr. went on a fishing trip the same day and came home with four nice strippers.

HIT BY TRUCK

Iras Lofton, who was struck by a truck and thrown from her bike one day last week, is recovering at her home on the Livermore Highway. She was badly bruised and when she was picked up at the scene of the accident was unconscious. A passerby went for her mother, who took her to the doctor. She could not identify the truck and it did not stop.

HIT-RUN VICTIM

Also a victim of a hit-run accident was little Reba Neeley, daughter of Mr. and Mrs. Richard Neeley of Ellsworth Street. The child was swinging on the swing out near the street and, when hit by the car, so eye witnesses say, was thrown about twenty feet. She was only frightened, not badly hurt.

ENROLLMENT INCREASE

The family of J. A. Rogers, former residents of the Mission who have been away for over a year, liked our little town so much that they have again returned, bringing along about five youngsters for our school for this term.

POSTMASTERS MEET

Members of the Alameda County Postmasters Association, along with their husbands and wives and co-workers from the postal department, met at "Our House" near San Leandro on August 17 with newly appointed Postmaster George

Perry as host. A grand evening was enjoyed by all with a delicious steak dinner served by the owner of the restaurant, dinner dancing, and a short business meeting. Next month the group will meet at the Hotel Claremont in Berkeley with Postmaster Luther Dunlap doing the honors.

ON VACATION

Rose Garcia, first clerk at the Mission post office, is vacationing with Irene Harvey in the high Sierras. They went to Gustine Sunday evening and from there to Tahoe, Reno and many other points of interest.

YOUTH CENTER PARTY

The Youth Center of the Mission will have a swim party and weiner roast at Linda Vista Park one day this coming week. Members are invited to bring a friend. Sign up at the post office in the Mission if you will attend.

SURPRISE PARTIES

On Friday evening Frank Vieth's boss from Permanente, and wife, along with another couple, stopped on their way to Oakland to wish the newlyweds, Grace and Frank, lots of luck. His parents, Mr. and Mrs. Vieth and daughter Carol of Alma, also dropped in to congratulate them. Soon the house was full of friends from Permanente, where Mr. Vieth works, and a surprise bridal shower was under way.

The folks brought them a toaster and also brought along oodles of eats and refreshments. So ended one night of fun. But it was not over yet. Saturday evening the Vieths and the Ed Chambers were all ready to go to a dance when relatives and some friends came trooping in with eats and a set of pots and pans. They also received some other gifts from friends and relatives. The men spent the evening playing cards while the women did their favorite pastime, exchanged news. Those present Saturday evening were Margaret Phillips, Dorothy Mendonca, sisters of Mrs. Vieth, and Evelyn Meyers, co-hostess, her daughter, Mrs. Rachael Hill and sons, Betty and Elmo Andrade and son David, Tom and Hortense Cunha and Shirley, Manuel Phillips, Gary, Stanley and Sharon, Ray Mendonca, Kathleen and Jimmie, Mary and Jackie Borge, Ed and Jo Chambers, Lois and Glenn Bottenberg, Donnie Meyers, son of the bride, Grandmother Maude Dutra, Gracie's

Are you a keen judge of people?

Which are the largest P. G. and E. stockholders?

Here are a housewife, a president of a corporation, a clerk, a manufacturer, flagmaker, wrestler and a teacher. Each one owns stock in P. G. and E. Who owns the most?

How did you choose? Well, here are the facts: Housewives own the most. Teachers are next; then laborers, then manufacturers. And you probably didn't guess that the wrestler owns almost as much as the corporation president.

The figures are from a study of 4300 people who invested their savings in one particular P. G. and E. stock some years ago. They are typical and illustrative rather than actual. They show that in the final analysis—all are "Capitalists"!

No one individual owns as much as 1% of P. G. and E. stock. Actually, we're owned by the 154,300 stockholders who've invested their savings in our company.

These invested savings, plus sound management, have enabled P. G. and E. to provide gas and electricity at rates among the lowest in the nation.

FOR THE RECORD

P. G. and E. stock is among the most widely held in the U. S. This is an example of why "Big Business" is everybody's business—teamwork between the public, management and employees.

Work never stops on our power building program.

She'll Remember This Vacation

Miss Gertrude Mozzetti of Niles is the envy of every girl in the township this week.

On a recent trip to Los Angeles, Miss Mozzetti and Miss Dorothy Enos took in a radio broadcast program. Appearing on the program was the handsome actor, John Archer, Bette Davis' new leading man. In the course of the program it came about that Archer was to select a girl in the audience on whom he was to bestow a kiss.

You guessed it! Miss Mozzetti was the lucky girl!

In addition to this thrill, the two young women enjoyed other things in the southland, including seeing the sights in the busy metropolis.

Returns from Arkansas

Mrs. Leontine Rose returned last Tuesday from a two months visit with her daughter, Mrs. Clyde Hobbs, in Arkansas. Accompanying her on the trip was her foster child, Michael.

Mrs. Rose, suffering from the heat while she was there, said it "is good to be back where it is cool." In spite of the heat, however, she had a most delightful time.

At Boulder Creek

Mrs. Ted Silveira of Warm Springs spent a few days this week visiting at the L. L. Lewis summer home at Boulder Creek.

Arrive from Washington, D. C.

Friends of Mr. and Mrs. Jean Van Ophen will be glad to learn that they are again in California. They arrived last Friday in Irvington from Washington, D. C., to stay with Mrs. Bart Thane. Since then, however, they have motored up to Plymouth to visit Mr. Van Ophen's daughter, but will again return to Irvington within 10 days. They have been in Washington for the past two years. Their plans for the future are indefinite.

Fifth Grandchild

Mr. and Mrs. L. H. Adams of Irvington returned from a glorious trip up the Feather River and Yuba River country just in time to greet their new granddaughter, little Kathleen Jane Davis, daughter of Mr. and Mrs. Arthur Davis (Dorothy Adams) of San Leandro. The little lady was born Saturday at the Alameda Sanitarium and weighed six pounds and 15 ounces.

Although she is the Adams' fifth grandchild, the novelty of having a new grandchild has not dimmed a bit, and they are just as proud of her as they were of their first.

Second Birthday

Little Carolyn Green, daughter of Mr. and Mrs. Kenneth Green of Nursery Road, Niles, celebrated her second birthday at a family dinner party given at her home. The high-light of the party was the big birthday cake with merry-go-round decorations.

Among those present was Mrs. Green's niece, Marlene Carey of Santa Clara, who is spending a few days at the Green home.

Texas Travelers

Mrs. Paul Flannigan and daughter, Wanda Lee, of Texarkana, Texas, are visiting her brother, Roy Mosher and family of Niles this week. She plans to return next week, driving back with the Moshers, who will visit in the southwest for three weeks.

Their Fourth Child

Mr. and Mrs. W. A. Fassnacht of Morrison Avenue, Niles, are welcoming into their home their fourth child, a son, John, born August 22 at Providence Hospital. The baby, who weighed eight and a half pounds, has two brothers and a sister.

Niles Family to Move to Oakland

Mr. and Mrs. Willard Rosenquist, who have called Niles their home town for the past three years, have bought a home in Oakland, and will be moving there with their three children around the first of next month.

The move was thought to be desirable because of the inconvenience for Mr. Rosenquist in the daily commuting. He is on the faculty of the University of California, in the art department.

Mrs. Rosenquist has endeared herself to the members of the Niles Congregational Church by her splendid work as choir director, and will be greatly missed here.

Back to 'Warm' Alaska

Mrs. Marie J. Williams of Fairbanks, Alaska, has gone back to the north after a week's visit with her daughter and son-in-law, Mr. and Mrs. Beverly Bunting. It was the first time in three years that Mrs. Bunting had seen her mother, and it was the first time Mrs. Williams had seen her grandson.

As an ironic twist to her visit, Mrs. Williams said she had to get "back to Alaska where it was warm." She, of course, experienced some of our "unusual" California weather while she was here.

Renews Old Friendships

Recent visitors at the home of Mr. and Mrs. Herman Mau of Centerville were Mr. and Mrs. Bert Randal, formerly of Centerville and now of Fiddletown, where they own and manage the Wagon Wheel Cafe.

Mr. Randal looked up many of his old friends while here, but really saw everybody when he went to a grass fire. "Nothing like a fire to bring people out," he said.

At Wright's Lake

Mr. and Mrs. M. J. Overacker have returned after two weeks vacation and children of Mission San Jose cationing at Wright's Lake in the Sierras. The fact that they go there year after year for their vacation speaks well of the beautiful mountain lake, and they had their customary good time.

From Temple City

House guests this week at the home of Mr. and Mrs. J. R. Baxter of Irvington are her sister and family: Mr. and Mrs. Ralph Beller and son, Dennis, and daughter, Ann Louise. The Bellers' home is in Temple City.

TILLIE JANEIRO OF NILES TO BECOME BRIDE OF NEWARK MAN ON SEPT. 25

Wearing a diamond on that important finger is Cecelia Ann (Tillie) Janeiro whose engagement to Leonard P. Dondero was announced at an evening party at the home of Mr. and Mrs. Raymond Perry of Decoto last Saturday.

The bride-elect, who is well known in Niles, having been a clerk in the post office for over five years, is the daughter of Mrs. Frank C. Janeiro of Decoto. She is a graduate of Washington High.

Her husband-to-be, son of Mrs. James Graham of Newark, is also a graduate of Washington High and a graduate of St. Mary's College. A veteran of World War II, he is presently connected with William Dutra as a surveyor.

Corpus Christi Church in Niles will be the setting for the September 25 merger, and a reception will be held following the ceremony, with the locale of the reception still to be decided upon.

STOLEN SHOES BRING ROMANCE TO CENTERVILLE COUPLE, TO BE WED SOON

If Annita Ciarelli hadn't had her shoes stolen at the American Legion dance at Elderberry Park last July 23, she may not have been making the happy announcement that she is making this week; that she will soon become the bride of Clifford Johnson, also of Centerville.

It all happened when Annita went in swimming at Elderberry Pool and had her shoes stolen. She watched with envy—stocking-footed—while the other girls danced at Elderberry dance pavilion. Clifford Johnson, noting her downhearted look, came up and asked her to dance.

She wanted to—oh, so badly—but had to refuse, remarking shyly that she couldn't because she had no shoes.

At Richardson Springs

Mrs. H. Rego of Irvington and Mr. and Mrs. William Cavanaugh and son, Bill, of Niles, have returned home after a most enjoyable vacation spent at Richardson Springs.

They particularly enjoyed the crystal plunge, the mineral water baths, and the fine food.

They also enjoyed a short trip by car to Shasta Dam and Shasta Lake.

In Kentucky

Helen Mae Vieux of Niles is visiting friends in Kentucky. She planned down almost two weeks ago and is expected home soon, to resume her duties as secretary at the Niles Electric Company.

Newarkites Vacationing

The Clark Redekers of Newark have returned from a very enjoyable week spent in the area around Tahoe. They also took in the highly interesting town of Virginia City.

Mayer Family Home

The L. A. Mayer family of Niles, and Mr. Mayer's mother, Mrs. Mary Mayer, returned last weekend after a trip up into northern California. Rather than electing to stay in one spot, they traveled around and saw all the sights, taking in Clear Lake, the Mother Lode country and the Sierras. They returned home and then took a two-day jaunt to Capitola.

At Harbin's Mrs. Martha Barker of Niles has returned home after a very pleasant two weeks spent at that popular hot springs resort, Harbin's, in Lake County.

At Yosemite Mr. and Mrs. Earl Mackintosh of the Niles-Mission Road returned this week from an eight-day jaunt up into Yosemite.

"My OLD TRUCK was just about ready for retirement, but I couldn't get myself to take the big step of buying a new one," writes Roy Gigi, of Globe Produce Co., San Francisco.

"But, when the classified ads showed that used truck prices were slipping, and when I heard about the big trade-in allowances my Ford Dealer was making, I decided to deal."

"I traded for a new Ford while my old truck was still worth something. If I had waited a few months longer, I would have had to take a couple of hundred dollars less for my old truck."

VACATION SCHOOL

AT NILES CHURCH

A study of "All God's Children" will be pursued by students attending the vacation school at the Niles Congregational Church next week. Starting next Monday from 10 to 12 a.m., and ending September 2, each class will study the life of children their own ages in other lands. Worship services will be planned around the book, "One God."

With such philosophy, is it any wonder that the old gentleman is still hale, hearty, and full of enthusiasm for life?

DOGS AND CHILDREN

Not so long ago a woman complained to me about our dog running around in her yard, eating up her "poor little dog's" food, and trampling on her new plants.

Naturally I felt that she was justified in complaining, but thought that the complaint could have been made with less venom, so consequently I was not a little miffed.

However, we gave our Irish Setter, Rusty, a good lecture and scolding, telling him for heaven's sakes to respect other people's property or he'd wind up in the house.

He just gazed up at us adoringly with his soft Irish eyes, and wagged his tail. Which all meant, of course, that he trusted us to get him out of any

We spent last week down around Los Angeles. The editor had to attend an editors' conclave at Long Beach.

There is only one reason that I can see why everybody in northern California should go down there once in a while. They can appreciate this part of the country so much more when they return!

Los Angeles is too big, it is too noisy. There is too much traffic, and too many people.

The most thriving businesses down there seem to be the mortuaries, and the sanitariums, and I can see why. Give me two more weeks down there and I would have been a customer for one or the other.

If they'd only shift some of that warm southern California ocean water up to our northern California beaches, we'd have everything!

Oh yes, I forgot. They have Knot's Berry Farm down there. That in itself is worth the trip. You can spend almost a whole day there, it's that interesting.

MANY HAPPY RETURNS!

Our elderly friend, George Barker of Niles, is going to preach a sermon this Sunday at the Church of the Advent in San Francisco. He will be 86 years old this Saturday—and still preaching sermons! He is a very remarkable old gentleman.

He wrote out his sermon for me, but there isn't room for it all in this column, so I'll quote a few excerpts:

"It is wise that we take up the affairs of each day without worry or fear. This will lead us to make wise plans; and when these are made let us commit them to Divine intelligence for the proper working out of them. We can in this way dismiss all worry and anxiety about our future and live confidently in the present, taking care of each experience as it appears."

With such philosophy, is it any wonder that the old gentleman is still hale, hearty, and full of enthusiasm for life?

scrape. So we tied him up for several days.

He submitted to this torture with the most reproachful and subdued expression on his face, and so after repeated warnings to "be a good dog," we let him loose again.

This week I was first astounded, and then amused, to come home one afternoon to see the irate lady's "poor little dog" gamboling merrily in our yard over some of our newly-planted vines! The happy creature finished his afternoon's visit by wailing down our Rusty's dinner!

I didn't get mad, as I've learned that you have to take other people's youngsters and dogs in stride or you'll forever be in hot water with your neighbors (and what fun is there in that?), but I'll have to confess, I did the human thing. I called her up and told her that her "poor little dog" was over in our yard.

Not that I minded, but I was sure she'd want to know about it. (I was very lady-like about the whole thing.)

I know that many of you high-minded people would not have called up the woman. However, I was still licking my wounds from her verbal attack and the urge to "get even" got the better of me.

Moreover, I was sure that after thinking about it, she, too, would see the humor in the situation.

MORE ON SAME

Speaking of dogs—and of children—we agreed (the editor and I) long ago never to voice any complaints to neighbors about their dogs, or children. If you have any

...UP IN THE AIR...

A flying vacation is one way to get full value from an airplane. No traffic worries, lots of scenery and a great saving of time are some of the advantages. A three-hour flight to Klamath Falls started a week's vacation for Clyde and Ruth Higuera. Since Clyde has to do a certain amount of worrying at all times, he invited Shorty and June Stammet to join him on the flight, to handle any extra worrying that he might accumulate. Shorty is a past master at the art and they should come home relaxed and carefree from their aerial vacation. They plan to meet Dr. Tom Wilson and Bernice Wilson at Fort Jones next week-end, for the big air show and barbecue staged by the flying clubs of Siskiyou County. The hangar flyers at Center Field are booking bets on the flight course that was plotted by "High Gear."

The highway course via Weed is quoted at even money and the airways course east of Mt. Shasta is a good bet for those lovers of a long shot.

September, with its three-day holidays, will be a great month for the local flyers. Labor Day week-end will feature an exodus from Center Field with Everett Mendenhall leading the way on a flight to Oregon. It will give him a chance to demonstrate his new "low and slow" technique which he acquired on his flight to Alaska. His passengers, Ray

Jolliff, Chet Rose and Dr. Tom Wilson, would prefer if he practices on some other jer—pardon I mean other gents. The ante-lope and wild horses are a scenic feature of this flight so the bush pilot technique may pay dividends.

Admission Day week-end will be another one of those things. The Redwood Empire Association is putting on a three-day flight that will include in its itinerary such places as Hoberg's, Grants Pass, Crescent City and Little River. It will be a great week-end with many special events such as barbecues, rodeos, auto races and fishing on the famed Smith River. Among the localities who plan to attend are Glenn St. Louis, George Fawcner, and Dr. Tom and Bernice Wilson. The Redwood Empire Association is making all the reservations and putting on the show, including the plotting of the course. If Glenn hits all of the check points, the flight will be a great success and a record because his past navigation record has caused strong men to weep and women to pass out completely. George will probably favor the group with a few well chosen words but the rest of the program will no doubt overcome the blank spots and a great time is planned by the 135 persons who are signed up for the flight.

of your own, the complaints will only boomerang on you. With children, you can make friends of them and get them on "your side." With dogs, you can either make friends of them, if you like them, or you can always resort to a good sprinkling with the hose if you don't want them on your property.

On the other hand, we have always followed the policy of paying for any damage immediately that either our dogs or our children have committed. Sometime in every child's life, he breaks somebody's window. When this unhappy circumstance has occurred in our family, we've not only paid for the glass but have taken care of installation. It's only fair.

There may be better ways of handling children and dogs. Can you tell me?

SEASON FOR CORN
A new man on a building job pulled a long package out of his lunch pail and began to unwrap it.

"What's that?" asked the foreman.

"A pie," said the worker. "I baked it myself."

"It's awfully long for a pie," observed the foreman.

"Naturally," said the worker, "it's rhubarb."

I know others. Do you want to hear them?

No. I didn't think you would.

The first Spanish missionaries arrived on Guam in 1668.

The Society of California Pioneers was organized in 1850.

Work began on a new building in Niles to house the Niles Branch of the Bank of Alameda County. "The new banking quarters are to be a model of banking efficiency," the article says.

AND EVERYBODY was talking about the Graf Zeppelin. Remember?

One of the many social items concerning people who had gone to see it was this one:

Mr. and Mrs. Tony Alves and daughter, Lucille, spent Sunday in Oakland. They saw the Graf Zeppelin.

And even the ads featured the big airship. One ad states in big type:

SCHOOL BEGAN earlier 20 years ago, and Washington Union High proudly announced that it had an enrollment of 400!

But vacationers were still on the move, as shown by the following item:

A group of Centerville young men plan to spend the week-end at Yosemite. They include E. Pimentel, Leon and Laverne Mendonca, and Frank Perry.

THE CENTERVILLE DRAMATIC CLUB was in full swing in those days, and scored a tremendous hit with its performance of "For the Love of Johnny."

"Applause was generous and not dependent upon the personal friends of the actors, but spontaneous," says the reviewer in the Register.
